

# Introducing Swank K-12 Streaming

## Teacher's Guide

# About the Platform

Your school recently partnered with Swank K-12 Streaming, a movie library that allows you to legally stream films needed to support your lessons either in the class or assigned to students for viewing outside of class.

- **What is included?** Swank K-12 Streaming provides streaming access to thousands of feature films, documentaries and foreign films for educational support. Specifically, 200 of the most relevant titles for your curriculum have been preloaded into your school's platform, with the ability to select additional films as needed throughout the year.
- **How can I use it?** This informational packet will help you with accessing the streaming platform, searching for movies, playing and assigning films and how to request additional content.
- **Why should I change the way that I'm showing movies?** This solution eliminates the need for DVDs and personal streaming accounts and is a convenient way to consolidate your film collection. Plus, you can assign movies through any LMS, including Gsuite single sign-on.

# Searching Movies

Browse the library

Browse the movie library by selecting from several displays:

- **Title View** - shows films in alphabetical order
- **Category View** - places films in default genres
- **List View** - text only list of films

The screenshot shows the SWANK Digital Campus interface. At the top, the logo "SWANK DIGITAL CAMPUS" is displayed with the tagline "Academic film streaming to enhance your learning experience". Navigation links for "bedwards" and "FAQ" are in the top right. Below the header, there are filters for "Display" (Title, Category, List), "Filter By", "Category" (set to "All"), and "Sort" (set to "Alphabetically"). A search bar is also present. The main content area shows a grid of movie posters under the heading "All".

Movie Title	Poster Description
10,000 B.C.	Movie poster for 10,000 B.C.
A Beautiful Mind	Movie poster for A Beautiful Mind

## Basic Search

The Swank K-12 Streaming platform is designed to help you easily find the right movie to supplement your lessons. Choose from the following search methods:

**Basic Search** - if you have a specific title in mind, simply key it into the search bar at top right. Be careful of spelling. Often times titles can be hard to find when misspelled.

The screenshot shows the Swank Digital Campus interface. At the top, the logo 'SWANK DIGITAL CAMPUS' is displayed with the tagline 'Academic film streaming to enhance your learning experience'. Navigation links for 'bedwards' and 'FAQ' are in the top right. Below the logo, there are filters for 'Display: Title', 'Category', 'List', and 'Filter By'. There are also dropdown menus for 'Licensed: All' and 'Sort: Relevance', along with a 'Go to Advanced Search' link. A search bar on the right contains the text 'Planet Ocean'. Below the search bar, there is a link to 'Back to Content Catalog'. The search results section shows 'Search Results 1 result(s) found' and a link 'Cannot find what you are looking for?'. A movie poster for 'Planet Ocean' is displayed, with the title 'Planet Ocean' below it. At the bottom, it states 'Currently Licensed expires on 12/31/2020'.

# Requesting Movies

## Unlicensed Titles

Aside from the click and play movies in your streaming library, your school may identify/request an allotted number of additional titles per year. During your search, films identified with a **Request** button are not currently part of your schools movie library. Simply click **Request** and fill in the pertinent movie information. This request will be sent to your school administrator who will be able to add this film to your library for the remainder of the year.

Tip: Use the 'Add to Queue' button if requesting more than one title at a time. You can then review your queue before you send the request.

To assign a film, click either the **Direct Link** or **LMS link** to copy and paste access to your movie.

What's the difference?

- **Direct Link** allows you to copy the URL that would take a user directly to this page to watch the movie. This is most commonly used if you are emailing students an assignment.
- **LMS Link** enables you to embed the movie link into your LMS or Google Classroom. Simply paste this into your assignment where students have access to it.
